

Preparing for Origin: Contributor Checklist

As a data **CONTRIBUTOR** (manufacturers, 3PLs, re-packagers, etc.), there are a number of things you can do to prepare for participation in Origin:

- REGISTER** your company GTIN prefixes with GS1
This secures your namespace for product GTIN assignment.
- ESTABLISH** your packing hierarchy
Unique GTINs are assigned for each packaging level for a product. You will need to provide relationships and contents for each of your GTINs.
- DETERMINE** your contact personnel
Origin support will need to know who to contact regarding product identification issues (these contacts should have direct responsibility and authority to update product information).
- PREPARE** your systems to provide data
Detailed layouts and file formats are available on the Origin website.
- INFORM** your trading partners you intend to provide GTIN data via Origin
In order for wholesalers to access GTIN information, they need to subscribe to Origin as well.
- VISIT** www.HDAorigin.com
As information is released about Origin including technical specs, file layouts, and subscription details, it will be posted here. Sign up to receive communication from the Origin team.
